

Canadian Condominium Institute - Windsor Essex Chapter

COVID19 and Audits

Due to COVID 19 and the many challenges it has brought to us all. Please see below the following extended deadlines.

If your Condominium Corporation has a December 31, January 31 or February 29 year end, the Federal government extended the due date for the T2 Corporate tax return and Form 1044 (Not for Profit return) to September 1, 2020 which as of mid - August was extended to September 30, 2020.

You might be wondering, why is our AGM so late this year? COVID19 and our area Stage 2 and 3 openings have made it difficult to plan and organize. Compliance to the Province rules is to keep everyone as safe as possible not receive a fine. Also, there was many challenges for Boards, Property Managers and Auditors during the early months of the Pandemic.

Please note the rules and regulations are consistently changing.

Julia A. Lee
